

Revision Letter (1st revision)

*All revised texts were coloured in red (*or underlined*).

Reviewer 1:

- Q: <"I didn't understand what your exact goal in this study. Do you mean...">
A: <Authors aimed to say that...>
- Q: ...
A: ...

Reviewer 2:

- Q: <"It's not clear that '...56% of the patients was unstable...' What was the unstable criteria ...">
A: <All patients enrolled in the study, had unstable criteria which...>

We also changed, added and removed the following sentences:

<Line 23-24: "The cases had at least one criterion..." was changed as "The patients had at least one criterion".>
